Education

Bachelor of Technology in Computer Engineering

Vishwakarma Institute of Technology, Pune

Current CGPA: **8.64/10** | *Expected: May 2024*

Coursework: Data Structures and Algorithms, Operating systems, Object Oriented Programming, Database Management System, Web Technology, React JS, React-Native.

SKILLS

Programming Languages	Libraries and Frameworks	Proficiency	Academics Curriculum
Intermediate proficiency in Java, C, C++, HTML, CSS, JavaScript. Beginner proficiency in Python	React JS, Redux, React-Native, Bootstrap	Data Structures and Algorithms	Computer Networks, Operating Systems, Data Science

Academic and Extracurricular Achievements

- ❖ Qualified for the **semifinal of FLIPKART GRID 4.0** (*Flipkart's Flagship Engineering Campus Challenge*) and my team was among the top **1300 teams** out of **0.15 million teams**. ([Link](#)).
- ❖ Qualified for the **semifinal of TVS Credit E.P.I.C. Challenge** and my team was among the top **300 teams** out of **18 Thousand teams**. ([Link](#)).
- ❖ **350+** Problem Solved on **Leetcode** ([Link](#))
- ❖ **100+** Problem Solved on **GeeksForGeeks** ([Link](#))
- ❖ **5 Star** Review on **Freelancing** (Fiverr) ([Link](#)).

CODING & SOCIAL PROFILES

[GeeksForGeeks](#)

[LEETCODE](#)

Personal Projects

BLOCKCHAIN BASED LAND REGISTRIES SYSTEM (Group Project)

[Video Link](#) (*Jul-Aug 2022*)

- ❖ A user-friendly portal created to make land registration process easy-to-go. Buyer, Seller and Government supervisor all the three roles accounted in single website with blockchain making it transparent paperless and secure.
 - o **Tech Stack:** React JS, JavaScript, Blockchain (Solidity), Mongo DB, Firebase.

ENGINEERING ADMISSION APP

[App Link](#) (*Oct-Nov 2021*)

- ❖ A platform which show details (Collages Ranking, Placement Details, Fees Structure, etc.,) all engineering collages in Maharashtra and integrated Google map API which give exact location of collage.
- ❖ **300+** students uses this application for B-Tech Admission process and 290+ people gave 9 stars out of 10.
 - o **Tech Stack:** React Native, React Hooks, Firebase.

ATTENDANCE MANAGEMENT SYSTEM USING FACE RECOGNITION

[GitHub Link](#) (*Jan-Feb 2022*)

- ❖ Django Based project using open-cv which detect the present student faces and take its attendance. students can see their attendance percentage.
 - o **Tech Stack:** Python-Django, HTML, JS,CSS, OpenCV,Python

Work Experience

REACT-NATIVE INTERN | Batbird Inc.

(Aug 2021-Oct 2021)

- ❖ Worked on API integration of Application.
- ❖ Application Designing and Application State handling tools Redux.

Open-Source Contributions

- ❖ **4+** (3 Code & 1 Non-Code) **Open Source contribution** thorough Hacktoberfest_2022 Challenge on Github ([Link](#)).
